Register for the Exploring Majors & Careers course to choose a major or career!

- *Utilize assessments to understand how your interests, skills, personality, and values relate to UT majors and careers.*
- *Hear from college advisors, conduct research, and learn decision-making and goal setting strategies.*

The course is taught by career development staff who are committed to helping you find your major and career path at the University of Tennessee.

The Exploring Majors & Careers course is offered during the first and second sessions in spring 2020. This is a ONE credit course that is taken for Satisfactory/No Credit.
